THE MCGREGOR BROS. CO. - - Springfield, Ohio, U. S. A.

This Book

has been our annual messenger to the flower-lovers of this and other lands! Before the telephone was known, or the electric light dreamed of, McGregors were staunch and hardy pioneers in the plant-growing business. They have seen their business develop into a million-dollar industry. They have helped to give Springfield, Ohio, the name of the largest Rose and Plant Producing Center in America.

From the beginning, the keywords of this great enterprise have been *Integrity* and *Service*. Today, as in all these past years, the supreme aim of the McGregor organization is *unquestioned satisfaction on the part of every customer*.

Never has there been a time when the home-lovers of America should more deeply appreciate the value of horticultural and floricultural development. No investment can be better than a modest expenditure for the beautification of our homes. How long-lasting the satisfactions that come from making home surroundings more attractive! A lovely garden brings joyous benefit to every beholder. McGregor's shrubs, plants, bulbs and seeds, grown with the solicitude of those who love them, will make you a partner in Nature's magic of beauty.

Sixty-one Years of McGregor Service find their culmination in this 1934 Year Book. Extraordinary values fill its pages. Goods are of highest McGregor quality. Prices are unprecedentedly low. Every offering helps to express the watchword of the flower lovers of 1934—"A Beautiful Garden at Minimum Expense."
